Good Morning New Morning! I am truly nourished by your show.

What a wonderful show! I watch New Morning as I am having my 1st cup of coffee; it is a wonderful way to wake up! Timberly is a great host! She is so warm and seems like a real person; not just a TV personality.

New Morning is refreshing and delightful. I found it quite by accident and now wouldn't miss a minute of it. I love the stories of regular folks on their faith journeys. Every day I take at least one gem of wisdom with me to apply to my day. Timberly, the host, is a remarkable woman! Just perfect.

I wanted to thank you for choosing to air New Morning every morning at 7AM. It is in such stark contrast to the endless bad news and sensationalizing that is presented at that hour of the morning.

I love New Morning...I get up early to experience it every weekday morning. It starts my day. My husband has started to linger in the living room to overhear it whenever he can.

New Morning is the best show on TV. I've already told all my friends, so I'll tell you because you need to know. I love the structure of picking a topic and portraying it with interviews, stories, quotes and artwork. It's also the perfect time of day. I write the topic in purple in my day planner as a reference point.

**"New Morning" doesn't just get great viewer mail. It gets love letters and thank-you notes.**
