

SHEDDING LIGHT...

A MESSAGE FROM TIMBERLY WHITFIELD

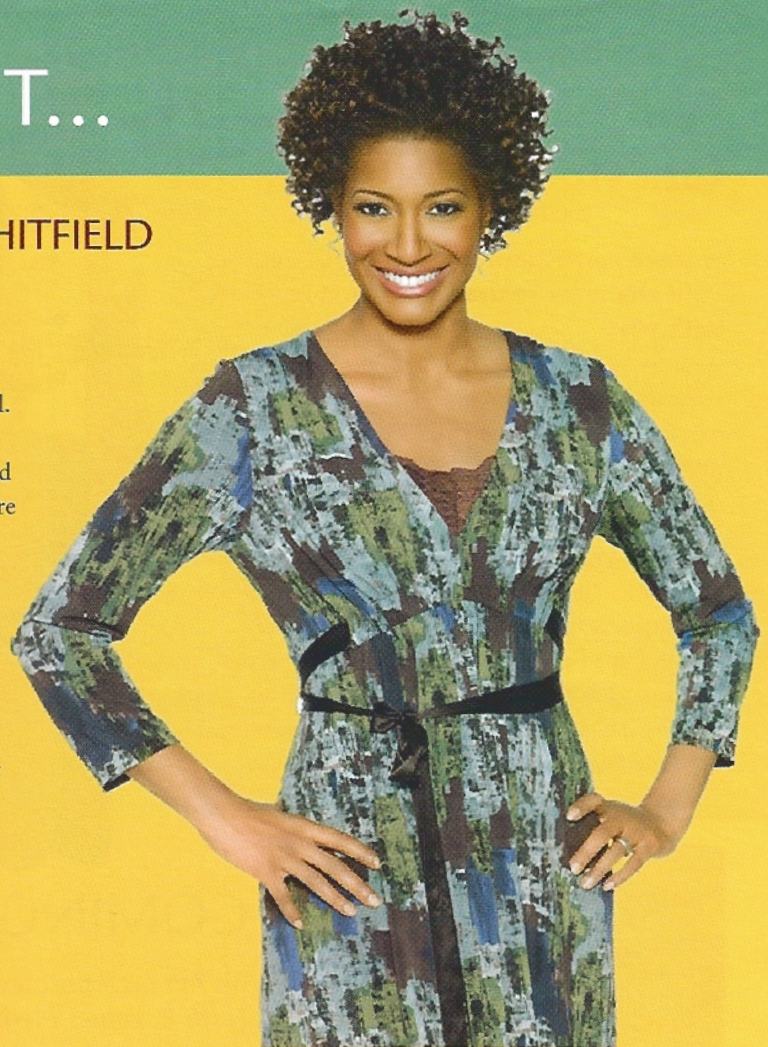

Dear Friend,

As the holidays draw closer, I'm always reminded to stop and reflect on the many blessings in my life – big and small. I am so thankful for my parents. They showed me at a young age what it means to make a difference in the world through their lives of service as missionaries in Africa where I was raised. I am thankful for my husband's unwavering support and my daughter's inspiration to enjoy life to the fullest. And I'm thankful for the unique opportunity I've been given to get a glimpse into the lives of hundreds of amazing people as host of "New Morning" on Hallmark Channel for the past six seasons.

Our weekday "New Morning" show is going off the air at the end of this year, but starting in 2008 I'll be posting personal video messages on faithstreams.org to help you start your day. I have been uplifted and encouraged more times than I can count through the stories that aired on "New Morning" of ordinary people doing extraordinary things. I hope you have experienced this same inspiration and encouragement as you have watched. And even though the show is going off the air, the heart and soul of "New Morning" will live on, so please stay in touch.

I'm grateful for friends like you who make it possible for Faith & Values Media to produce high-quality programming designed to enrich spiritual life and to build bridges of understanding among people of faith. With so many destructive influences in the media today, it's important to keep this resource alive – and your support helps make this possible!

This holiday season, I encourage you to slow down and take a minute to think about the people in your life who have given you hope and inspiration. Who are you grateful for at this special time of year? Who has affected your life in a powerful way?

I thank you for helping Faith & Values Media make a difference in the lives of so many people. And in this holiday season, may your health, happiness and blessings increase tenfold.

Wishing you a New Morning now and every day in the New Year,

Timberly Whitfield
